

Focus Telecoms awarded with official ISO 9001-2008 accreditation

Quality Management Certification – 616781

ISO 9001 is the world's most recognized quality management standard. Implementing this standard help us to continually monitor, manage and improve quality across all operations for consistent performance and service. This is a crucial milestone to our continued growth and will ensure consistent levels of service for all our customers. Certification to international standard underpins quality, service delivery and security for Focus Telecoms.

The Quality Management System complies with the requirements of ISO 9001-2008 for the provision of fixed lines and calls as well as telecoms & data solutions provisioned by emerging technology and cloud based systems.
